

About Indoguna

www.indoguna.com

Since our establishment in 1993, Indoguna Singapore has grown to become the leading purveyor of gourmet foods in Singapore. From the freshest seafood and meats, to truffles, caviars, artisanal cheese and exquisite bakery products – Indoguna Singapore carries an extensive range of the best produce available from around the world.

For over 22 years, we have been providing this premium fare to hotels, restaurants, airline caterers, gourmet shops, and supermarkets across the island at great value prices. Ocean Gems, our flagship brand of seafood, is now exported to countries across Asia and Middle East. On the retail front, our online grocer, Greengrocer.com.sg has been catering to the palates of discriminating home consumers since 2007.

In line with our plans to expand beyond Singapore, Indoguna has a state of the art Halal food manufacturing hub in Jebel Ali. Indoguna Productions FZCO produces a range of quality food products, catering to our clients in the Middle East and eventually the rest of the world. We recently created Carne Meats, to better serve our clients with the highest quality value-added and processed meats.

By constantly fulfilling to our customers' needs, Indoguna Productions FZCO is the supplier of choice for many fine establishments in UAE and across the region.

Carne Meats Philosophy

Our premium sausages, patties and small goods are handcrafted works of art, painstakingly prepared and exquisite in taste. We take pride in the fact that our wide variety of sausages and deli meats are made from the freshest quality ingredients, daily selected by our Master Butcher who ensures our products satisfy and exceed the expectations of our discerning customers.

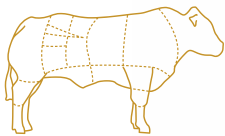

We guarantee superior freshness, quality and flavour by sticking to one simple rule – all our products are made from 100% natural meats, no amount of protein fillers, artificial colours or flavourings are added.

And the difference, we are proud to say, is in the taste.
